ASIA PACIFIC INSTITUTE OF ADVANCED RESEARCH

WELCOME TO APCAR 2017

The 4th Asia Pacific Conference on Advanced Research (APCAR- July, 2017) will be held on 4th and 5th of March 2017 in Melbourne, Australia. The main theme of this conference is 'Share the Vision'. Accordingly, the conference will cover Business, Social Sciences, Education and Information and Communications Technology (ICT) disciplines. Internationally-recognized scholars will participate in the event to present their latest research and best practices.

We, the conference organisers invite you to participate in this event where you can:

- Strengthen your professional ties: this may lead to publications and job opportunities – an invaluable opportunity for post-PhD professionals.
- Receive feedback and constructive critique on your ideas: benefit from the audience engaging with your content rather than focusing on your punctuation and references.
- Refine your communication skills: move from your "isolating" research experience to a more collaborative and exchange of perspectives.
- Participate in our conference and publish your research directly through the conference proceedings and journals. Don't miss this great opportunity to get your work out there!

All submitted papers will be peer reviewed and published in the conference proceeding to promote the prominent (and emerging) voices within your field of research
