

## ABOUT MELBOURNE:

Melbourne, Australia is an exciting city that offers visitors many options of things to do. The city is filled with parks, gardens and historic sites. Visitors can also choose a variety of dining options, sporting events, plays and entertaining festivals. The city features small, picturesque lanes filled with cafes, bars and boutiques that will please even the most discerning traveler.

Melbourne is filled with many cultural options. The Southbank precinct hosts the Arts Centre, the Recital Centre, the National Gallery of Victoria, and the Malthouse. The city is also filled with small galleries featuring local artists. The many interesting museums include the Jewish Holocaust Centre, Fire Services Museum of Vitoria, Australian National Aviation Museum, Hellenic Museum, and the National Sports Museum. Also, the Koorie Heritage Trust preserves the culture of Australia's indigenous people. For those people interested in science, the Melbourne Planetarium is one of the finest in the world.

## RESEARCH COLLABORATION

APIAR is keen to build research collaboration with academics of proven research backgrounds. We welcome academics who have already published in top-ranked journals to submit their research proposal (500 words maximum) for further consideration. Ideally, research problem(s) and methodology as well as theoretical and practical contributions, should all be mentioned in the proposal. We are looking forward to receiving research proposals from top-notch researchers.

## APIAR SCHOLARSHIPS:

**APIAR is delighted to announce a competition for best papers.**

Entries will be judged on the quality of the paper, including the presentation. Only registered participants in the conference are qualified to apply.

The winner(s) will receive 50% of the conference registration fee waived for the next conference organised by APIAR.

The prize is non-negotiable and no monetary alternative will be available.

We invite you all to participate in our conferences where you can :

1- Strengthen your professional ties: this may lead to publications and job opportunities – an invaluable opportunity for post-PhD professionals.

2- Receive feedback and constructive critique on your ideas: benefit from the audience engaging with your content rather than focusing on your punctuation and references.

3- Refine your communication skills: move from your "isolating" research experience to a more collaborative and exchange of perspectives.

4- Participate in our conference and publish your research directly through the conference proceedings and journals. Don't miss this great opportunity to get your work out there!

All submitted papers will be peer reviewed and published in the conference proceeding to promote the prominent (and emerging) voices within your field of research.
