

ABOUT AUSTRALIA

Australia boasts some of the world's most beautiful natural wonders such as the Great Barrier Reef - the world's largest coral reef system, the Heritage Listed Ayers Rock (Uluru), the Bungle Bungles in Western Australia, the Twelve Apostles along the Great Ocean Road. Man-made icons include the Sydney Harbour Bridge and the Sydney Opera House.

The geography of Australia ranges from deserts, mountainous, tropical islands, rain forests, lakes and rivers. The longest river in Australia is the Murray River which is 2375 kilometres long. The Murray River begins in New South Wales, then travels through Victoria and finally South Australia where the Murray Mouth meets the Southern Ocean. The Murray River is home to a variety of wildlife such as platypus, Murray cod, golden perch, trout and cod. The river is also famous for its paddle steamers and there are paddle steamers that cruise along the river for several days.

RESEARCH COLLABORATION

APIAR is keen to build research collaboration with academics of proven research backgrounds. We welcome academics who have already published in top-ranked journals to submit their research proposal (500 words maximum) for further consideration. Ideally, research problem(s) and methodology as well as theoretical and practical contributions, should all be mentioned in the proposal. We are looking forward to receiving research proposals from top-notch researchers.

APIAR SCHOLARSHIPS:

APIAR is delighted to announce a competition for best papers.

Entries will be judged on the quality of the paper, including the presentation. Only those presenting full papers at the conference are qualified to enter. The winner(s) will receive 50% of the conference registration fee waived for the next conference organised by APIAR.

The prize is non-negotiable and no monetary alternative will be available.

We invite you all to participate in our future conferences where you can :

- 1 Strengthen your professional ties: this may lead to publications and job opportunities – an invaluable opportunity for post-PhD professionals.
- 2 Receive feedback and constructive critique on your ideas: benefit from the audience engaging with your content rather than focusing on your punctuation and references.
- 3 Refine your communication skills: move from your “isolating” research experience to a more collaborative and exchange of perspectives.
- 4 Participate in our conference and publish your research directly through the conference proceedings and journals. Don't miss this great opportunity to get your work out there!

All submitted papers will be peer reviewed and published in the conference proceeding to promote the prominent (and emerging) voices within your field of research.

SPECIAL ATTRACTIONS

All of the accepted papers (i.e., high standard) can be published (i.e., conditions apply) without any extra fees in the following online journals:

- Asia Pacific Journal of Advanced Business and Social Studies (APJABSS) (ISSN: 2205-6033)
- Asia Pacific Journal of Contemporary Education and Communication Technology (APJCECT) (ISSN: 2205-6191)
